## What can this report do for me?

This report provides summary information about an individual student, and comparative information against a selected cohort of other students.
This report can help analyse how a student is engaged in their subjects as measured by various subject activity measures.

Running the Report

Select **Level 2 Report Access** to login with the Blackboard login

the **tudent at a Glance**

report
the required parameters (and optional parameters if desired) and click the
View Report tab in the right hand corner. A description of eac2 Tm0.122 0.2

Report Parameters

Year (Required): Select the year which you wish to run the report for.

Study Period (Required): The academic Study Periods at your institution (e.g. Study Period 1, 2015). Selecting a Study Period automatically filters down the LearnJCU Subjects that can be selected.

Academic Level (Optional): The academic levels at your institution (e.g. Bachelor Pass = Undergraduate). Selecting an Academic Level filters down the students that can be returned by the report.

Academic Standing (Optional): The standing of students at your institution (e.g. Good Standing). Selecting an Academic Standing filters down the students that can be returned by the report.

Class Level (Optional): The year level of a subject (e.g. 1 = first year subjects, 2 = second year subjects).

Degree (Optional): The degree the student you want to run the report for is enrolled in (e.g. Bachelor of Arts).

Last Name Search (Optional): A keyword search that can be used to filter down the Students that can be selected. This field can be used in conjunction with the other parameters to obtain a smaller list of students from which to make a selection. For example, if you were looking for Jim Smith, typing "Smith" would narrow down the students to those with a keyword match for

JAMES COOK UNIVERSITY
